

IPE meeting Minutes

2-6-2013 10:00 am – 11:00 am

In attendance: Chad Lairamore, Lorrie George-Paschal, Myra Grantham, Debra Head, Nina Roofe, Kim McCullough, Adam Bruenger, Alexandra Marshall

Action items in red

- Implement student advisory committee
 - All members of the IPE committee are to recruit one student as a volunteer for the student advisory committee. Students will be asked to attend IPE committee meetings starting in March
- Discussed what is currently being done re IPE education at UCA and what domains / goals are currently being met.
- Identified areas needing improvement
 - Ethics for Interprofessional practice
 - Teamwork and team based **practice**
 - Faculty education
- Discussed which IPE instructional methods are feasible to implement in the fall of 2013 and established short term goals for domain team leaders
 - Faculty development – Debra Head to assess IAMSE website / IPE education materials and make recommendations on using this material in our educational process. This will improve the needed faculty education component.
 - Service learning- Nina Roofe to continue investigating educational process for performing service learning and investigate feasibility of initiating a service learning IPE experience for students at the UCA health fair this fall. This will improve areas of teamwork and team based practice and ethics.
 - Extracurricular- Alexandra Marshall to investigate implementing an IPE meet and greet / tailgate. Will assess use of existing student clubs to facilitate the process. – will improve teamwork
 - Website: Adam Bruenger has initiated the development of an IPE website here at UCA. Will continue to work on this and develop the online material.
 - Assessment team: Chad Lairamore to develop forms for assessing implementation of IPE
 - Research: Chad Lairamore to speak with Jacquie Rainey regarding IPE posters or a discussion at the beginning of the symposium.
 - IPE forum - Lorrie George-Paschal to investigate changes / expansion of the IPE forum to include all disciplines.
 - Simulation lab- Myra Grantham developed a simulation survey. Will investigate policies regarding multidisciplinary observation / interaction.

- All: identify available resources within your department for simulation (survey from Myra).
- Chad Lairamore to Identify time to meet with department chairs and dean in order to discuss:

Scheduling a day for IPE in both the spring and fall semesters to assure students have the opportunity to participate. Request on semester to be on the MWF schedule and the other to be on the TTh schedule

How to make students accountable

Capstone / portfolio

Certificate / resume building
